LS 65

A dedicated through feed automatic machine for sanding round bars for diameters ranging from 15 to 65 mm. The machine is equipped with 2 x sanding belts which are in rotation over the piece to be sanded. The workpiece length can be unlimited and feeding is by 4 infeed/4 outfeed drive rollers of adjustable speed from 8 to 25 mm/min and can sand components such as brooms handles, agricultural tools handles, umbrellas, stair rails among others.

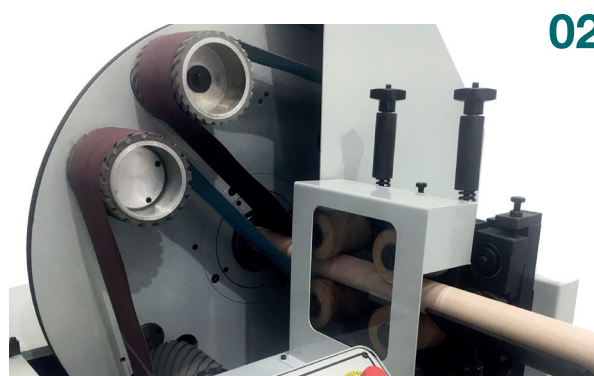

Equipment

Technical specifications

Maximum diam. for sanding	65 mm
Minimum diam. for sanding	15 mm
